The Giant Wheel of Time

Unstoppable and eternal, the giant wheel of Time moves
not minding the labels “old” and “new”
Man draws imaginary lines at every turn
calling it a new beginning and the end.

Man’s promises and resolutions may be happy or sad
assess his own gain or loss
while Nature smiles at man’s innocence
the magnificent Creator smiles too at man’s ignorance
knowing well that He alone has the power and authority
to stop the unstoppable eternal giant wheel of Time.
